

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the shutters of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach troubles, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make any one a pronounced crank on the subject of inside bathing before breakfast. Adv.

## On the Level With Your Feet

Be on the level with your feet. Give them a square deal and you will get a better-than-even break. You wouldn't think of wearing a rough collar, tight gloves or a hat too small for your head; still, day after day, you persist in wearing stiff, hard shoes rubbing and chafing the tender skin of the feet.

Surprise your feet by slipping them in a pair of Dr. A. Reed Cushion Shoes and give them the comfort they deserve.

## TAX AMENDMENTS AT ALBANY AIM TO BRING IN MILLIONS

Travis Seeks to Avoid Sweeping Changes in Present Sources of Income.

ALBANY, March 20.—Following his recommendations made recently to the Joint Legislative Committee on Taxation, Comptroller Travis to-day caused to be introduced amendments to the Transfer (Inheritance) Tax and Investment Tax Laws, which with their measures affecting the Corporation, Banking, Stock Transfer and Motor Car Tax Laws, already offered, will produce, he believes, sufficient revenue without resorting to any sweeping changes in the present sources of income.

The Comptroller estimates that an additional income of at least \$5,000,000 annually would be possible through the amendments to the Transfer (Inheritance) Tax, taxing the personal property of non-resident decedents, particularly intangibles physically present within the State, and shares of stock of New York corporations.

This would mean re-enactment of the law as it stood up to 1911, since which time the State has lost approximately \$15,000,000 from the Herby Green, Hackensack, Elmer, J. J. Hill, Gates and other large estates. Another amendment to the Inheritance Tax Law would affect bequests made in bequest, charitable, educational and kindred institutions of other states or countries. The investment Tax Law amendment would make mandatory provisions in place of the present permissive features, and would provide suitable penalties for failure to pay. The object is to reach a large volume of intangible property now escaping taxation. No holder of other than federal State and municipal bonds would hereafter be exempt from the payment of a tax of 30 cents annually on each \$100 of valuation.

## EDUCATION AUDITOR MUST FACE CONTEMPT HEARING

Cook, Who Ignored Subpoena of Accounts Commissioner, Gets Order to Appear in Court.

The dispute over the power of the Commissioner of Accounts to examine the financial affairs of the Board of Education, which has led to a controversy between Mayor Hylan and Superintendent Hylan, is to be settled in the courts.

Comptroller Hylanfield announced yesterday that Henry R. M. Cook, auditor of the Board of Education, had been cited to appear on Friday morning why he should not be punished for contempt for serving with a Supreme Court order to not having obeyed the Commissioner's subpoena.

The ruling of the Justice will determine the Supreme Court view of the powers of the Commissioner of Accounts, and it is expected that which ever side wins an appeal will be taken to the higher courts.

## HEALTH INSURANCE BILL ASSAILED BY EMPLOYERS

Denounced as Socialistic, but Defended by Labor and Women's Organizations.

ALBANY, March 20.—Attacked as unconstitutional and socialistic, the Health Insurance Bill was assailed for two hours before the Senate Judiciary Committee to-day by manufacturers, physicians, and representatives of fraternal organizations. Supporting the proposal were spokesmen for labor unions and women's organizations.

The cost of administering the proposed law, asserted Mark A. Daly, secretary of the Associated Manufacturers and Merchants of the State, would be heavier \$5,000,000 than the estimate of \$3,000,000 by its opponents.

James P. Holland, President of the State Federation of Labor and representative of up-State branches of the organization urged favorable action on the bill.

State Food Commission Ends.  
ALBANY, March 20.—The State Food Commission, created as an advisory body to the legislature in the summer of 1917, closed its existence today when Gov. Thompson signed the bill repealing the act establishing it. The board, created by the legislature in the year, Food Commission, was transferred to the State Industrial Commission.

## 85 NAMES LISTED IN CASUALTY ROLL OF ARMY TO-DAY

Twenty-four Died From Accident and Other Causes and 47 From Disease.

ERRONEOUSLY REPORTED DIED OF AEROPANE ACCIDENT.

Private.

THOMAS, William C., Atlantic City, N. J.

POPE REPOSES GREAT HOPE IN THE ORIENTAL CHURCH

Tells Deputation He Trusts All Wish That Christendom Be United by Close Friendship.

ROME, March 20.—Pope Benedict received deputations of members of the clergy of the Eastern Church to-day, replying to an address by Monsignor Papadoulos, head of the Eastern congregation, he said:

"The Roman Pontiff has always been a friend of the Oriental church and has repaid great hopes in it. He has not only been a friend, but has turned with deep affection to the Orient, which has been all the more intense because of the uncertainty of the fate of the Orient, but as my voice cannot reach so far, I transmit my thought to those present, and trust that all wish that Oriental Christendom should be united by close friendship and filial love to the Apostolic See."

The Pope then bestowed the Apostolic blessing on all present.

## AWAITS TIEN TSIN REPORT.

State Department Wants Facts on Clash of Americans and Japanese.

WASHINGTON, March 20.—Several partial reports on the recent trouble between the American soldiers and Japanese at Tien Tsin have been received by the State Department, but the department is awaiting a complete report, either from Minister Reischauer at Peking, or from Consul Reischauer at Tien Tsin, before deciding what steps shall be taken.

According to unofficial advice the Japanese made an unprovoked attack upon American soldiers. This attack took place within the French Concession and it is understood here that the French government also is making an investigation.

Welcome Extended to 77th Division.

ALBANY, March 20.—A resolution extending a welcome to the men of the 77th Division and the 145th Infantry who are to return soon from overseas was unanimously adopted by the Assembly to-day.

Lemons Beautify!

Make Quarter Pint of Lotion, Cheap

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons—Adv.

## Don't trifle with a cold—it's dangerous.

You can't afford to risk Influenza.

Keep always at hand a box of

**HILL'S  
CASCARA  
QUININE**

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture. At All Drug Stores.

The "Westpointer" shoe made good on the western front. Now let it make good for business!

In or out of Service, it's anatomically correct.

Built on the principle of giving the Big Toe a chance to do its work.

Consider the foot in walking.

First you raise the heel; the Big Toe is then set for action; you push forward by pressing the ground with its tip. To do this properly the shoe must let the Big Toe stretch itself out directly forward.

Our "Westpointer" shoe does. The last officially approved for cadets at West Point.

In tan, \$7.50; in black, \$9.

Another good shoe is our "Pedestrian"—orthopedic surgeons say it's correct for 85 out of every 100 men.
